BALTIMORE—FRIDAY, SEPTEMBER 29, 1826.

Drawing of the Virginia Lottery.

On Wednesday last the 27th inst. the drawing of the GRAND STATE LOTTERY of VIRGINIA, first class, for the benefit of the Monongalia Academy, took place at Richmond, agreeably to advertisement, the official list will be found on the next page, and we have much pleasure in announcing that the **WHOLE OF THE GREAT CAPITALS WERE SOLD AT OUR OFFICES.** No. 15436 (an even Number) drew the capital of 20,000 DOLLS.—No. 9757 that of 8,000 DOLLS. and No. 13454 the capital of 4,000 DOLLARS.

The 20,000 was sent to Philadelphia—the 8,000 to New-York—and the 4,000 is held in Richmond; the *Thousand Doll.* Prizes part of them were sold in whole tickets, and part of them in shares—in our next we shall mention (so far as we may obtain permission) the names of the fortunate holders and the places of their residence—in the mean time, we beg leave to remind adventurers, that as usual the CASH is ready at COHEN'S OFFICE, waiting their convenience to hand or send in their prizes for payment.

THE SCHEME OF THE SECOND CLASS of the GRAND STATE LOTTERY of VIRGINIA, is also announced in this days Register—it is a small but very snug little scheme—the price of tickets low, and the drawing (on the ODD AND EVEN SYSTEM, which has been again adopted in consequence of its encresing and unrivalled popularity) will take place on Tuesday the 21st of NOVEMBER.

ORDERS from any part of the Union, forwarded to either of our Offices, (enclosing the cash or prizes in any of the lotteries, post paid,) will meet the most prompt and punctual attention.

Be particular in directing to

J. I. COHEN, JR. & BROTHERS.

Most Splendid Scheme in the U. States.

THE NEXT LOTTERY to be drawn on the popular mode (Odd and Even system) is that of the GRAND STATE LOTTERY of MARYLAND—scheme of which will be found on our 4th page—the prizes are superior in brilliancy to any lottery now before the public—the *whole of them also, payable in CASH*, and which can be had the moment they are drawn—they consist of 50,000—30,000—20,000—10,000—6,000 dolls. &c. &c. TICKETS are at the low rate of *Ten Dollars*, and Shares in proportion; and it will be recollected, that by purchasing two tickets or two shares, there is a **CERTAINTY of obtaining at least one prize, and may draw THREE!**

Restricted Tickets and Shares.

50,000 Dollars for \$6—18 cts.

A large portion of our customers and others having frequently expressed a wish to invest in a scheme, where there were no small prizes, their object in adventuring, being with a view to obtain a prize of importance, or nothing; and as the deservedly popular mode of drawing by the Odd and Even System, yields the double accommodation of investing either for the entire scheme, or for the superior prizes alone; we have prepared, and have now ready, Tickets and Shares of the above title, in the GRAND STATE LOTTERY of MARYLAND, which gives the same chance for the great capitals of 50,000—30,000—20,000—10,000—6,000, &c. &c. and at a rate proportionally reduc-

ed. They will entitle the holders to such prize or prizes as they may draw *above Nine Dollars*, or in other words, they may draw any prize or prizes in the scheme *except those of Nine Dollars.*

Prices of the Restricted tickets, viz:

Whole tickets \$6 18	Quarters - \$1 55
Halves - 3 9	Eighths - 78

ORDERS as heretofore meet the most prompt and punctual attention, address to

J. I. COHEN JR. & BROTHERS—Baltimore.

Certificates of Tickets.

The adoption of the Restricted Tickets gives an advantage over the Certificates heretofore prepared, inasmuch as of the former, an adventurer can be supplied with a single ticket, Half, Quarter or Eighth, whereas with Certificates it was necessary that he should hold at least two tickets or two shares. The restricted Tickets and Shares, will therefore we anticipate, supercede the demand for Certificates.

Maryland & Virginia State Lotteries.

In both of these Schemes, we have prepared restricted tickets and Shares—(In the Maryland the restriction is to the *Nine Dollar* prizes and in the Virginia to the *Three Dollars*.) Adventurers will be supplied agreeably to the following schedule.

In the Maryland Grand State:

Whole Ticket \$6 18	may produce \$50,000
Half do 3 9	may produce 25,000
Quarter do 1 55	may produce 12,500
Eighth do 78	may produce 6,250

In the Virginia Grand State:

Whole Ticket \$1 73	may produce \$10,000
Half do 87	may produce 5,000
Quarter do 43	may produce 2,500

THE "EVEN" NUMBERS.—Adventurers will recollect, that although the Capital Prize in the VIRGINIA STATE LOTTERY came out to an even number, thereby entitling *all the even numbers* to four dollars—it does not follow that all the *Odd numbers* are in consequence, *Blanks*—such is *not the case*—for on examination of the list of drawing, it will be seen that a very large proportion of the odd numbers drew prizes, and amongst them a large number of considerable importance, viz. 9757 capital prize of 8,000 dollars—9377, prize of \$1000—14305 prize of \$1000—15637 prize of \$1000—16663 prize of \$1000—22515 prize of \$1000, &c.

SHARE TICKETS—IMPORTANT.—We wish it to be understood, that we do not consider ourselves responsible for the payment of any prize or prizes which may be drawn by any share ticket, unless such share ticket be issued from either of our Offices.

J. I. COHEN, JR. & BROTHERS.

On the 6th of the present month, General LA FAYETTE entered upon his seventieth year. His life has been long, useful, and glorious, and may the evening of his days continue to be calm and peaceful.

Sale of Blood Horses.—We copy the following article from a Petersburg paper respecting a sale of blood horses, as an evidence that in this country valuable animals are as much esteemed and sell as high as those of any country:—

"The sale of Horses belonging to the estate of the late THEO. FIELD, Esq. took place on Friday last. The correct judgment and skill of the deceased in selecting and rearing the best stock, to-

gether with the high reputation acquired by some of them as Racers, attracted hither from a distance, a number of the gentleman of the Turf. In order to shew how highly these horses were appreciated, we have thought proper to give the accounts sale of several. *Gohanna* a fine blood bay horse, upwards of sixteen hands high, \$3500—*Phillis*, full sister to *Gohanna*, \$1654—*Merino Ewe*, sixteen years old, now in foal by *Archie*, the dam of *Gohanna* and *Phillis*, \$1205—a *Bay Filly*, 12 months old, \$357—a *Sorrel Filly*, 4 months old, \$500, also the offspring of *Merino Ewe*—*Calypso*, *Archie* Mare, \$266—*Lady Botta*, grey mare, \$150—Producing the handsome total of \$7959—and averaging \$994 87½ cents. We understand that none of the purchasers reside out of the State. VIRGINIA IS STILL HERSELF."

Cincinnati—It is stated in the Western Tiller that the site of Cincinnati was sold by J. C. Symmes, in 1787, to M. Denman of New Jersey, who, in company with others, as proprietors, laid out the town in 1789. For a number of years, a few scattered block houses, as defences against the Indians, constituted its buildings. The first brick house was erected in 1799; at that time, the best lots, 100 by 200 feet, sold at three hundred dollars, since which time they have brought twenty-five thousand dollars. The city charter was granted in 1815. The population is 16 000, a great portion of which are enterprising emigrants, from almost every portion of the globe, invited to become citizens by the healthiness of the situation, as well as its eligibility for business and the abundance and cheapness of its markets.

Riots and Rioters.—Every night for some time past, at the public places, even in the streets, *rowe* are industriously got up to facilitate the picking of pockets. To effect this, two out of eight or ten pickpockets pretend a quarrel, the officers or watch is called *fools*, and country people stop to listen, often times take a part and hold a conversation about the quarrel; in a few minutes three or four persons discover their pockets have been picked, and are entirely without remedy, the rogues having fled many minutes before.—*New-York Paper.*

The operative smiths and grate makers of New-York have agreed to a series of resolutions in opposition to the *convict labour* of the penitentiary. It seems they are much injured by the cheapness of this kind of labour. They pledge themselves to repair no grates made by the convicts, and to support all their brethren who may be injured by them.

The Union Course Races on Long-Island, commenced on the third of October next;—

First day four mile heats, for	\$500
Second day three mile heats, for	300
Third day two mile heats, for	200

The American Congress of Deputies, which assembled some time ago at Panama, has adjourned, to meet at a village, in the neighborhood of the City of Mexico, and holds its sessions there.

It appears that this adjournment was not without good reason. Of the few persons assembled, Mr. Dawkins, the British Commissioner to Panama, had lost, by death, both his Secretaries. That shore is more fatal to the lives of visitors than even the coast of Africa is to the whites. The Commissioner of the King of the Netherlands had gone to Vera Cruz, to be nearer the place of reunion. But, if he stays long there, the fate of the two British Secretaries will almost certainly overtake him—the climate of Vera Cruz being as fatal to strangers as that of Panama. The lamented Mr. Anderson fell a martyr to the climate.

Those Numbers to which no prizes are affixed are prizes of *Five Dollars* each—those ending with either 2, 4, 6, 8, or 0, being even numbers, are entitled to *Four Dollars* additional, being equal therefore to *Nine Dollars* each.

☞ All Tickets ending with 1, 3, 5, 7, or 9, and not to be found amongst the above, are Blanks.

No. 15.436, an Even Number, having

drawn the Capital Prize of **TWENTY THOUSAND DOLLARS**, agreeably to the Scheme every *Even Number* in the Lottery is entitled to a prize of **FOUR DOLLARS**, and in addition to whatever sum any of them may have drawn besides.

All Tickets therefore, with Numbers ending with 2, 4, 6, 8, or 0, are those entitled to the \$4 prizes.

☞ Many Tickets, consequently, have obtained **TWO PRIZES EACH!** for example, No. 7992, (see list above) having drawn *Twenty Dollars* and being an *Even Number*, is entitled to a prize of 4 dollars also; therefore, No. 7992 will receive *Twenty-four Dollars*, &c. Again, No. 22678, (see list above) having drawn a prize of *Fifty Dollars*, and being an *Even Number*, is entitled also to one of the 4 dollar prizes; consequently, No. 22678 will receive *Fifty-four Dollars*, and so on.

Certificates of Tickets & Shares.**Grand State Lottery**

OF MARYLAND—No. 8.

For the accommodation of companies and individuals, who may not wish to advance the whole amount of the cost of tickets, but only to pay the **DIFFERENCE** between that sum and what the tickets must necessarily draw, we have prepared certificates for that purpose, and adventurers can be supplied with them for any number of tickets, from two upwards, at the following rates:—[*The Odd and Even System is the only one in which they can be so prepared*]

WHOLE TICKETS:

Certificate for Two whole tickets - - - \$12 35
Do. for Four whole tickets - - - 24 70
Do. for Six whole tickets - - - 37 05
Do. for Eight whole tickets - - - 49 40

And in the same proportion for any quantity of Whole tickets.

SHARE TICKETS, viz:

Certificate for Two Halves - - - \$6 18
Do. for Four Halves - - - 12 35
Do. for Six Halves - - - 18 53
Do. for Eight Halves - - - 24 70
Do. for Ten Halves - - - 30 88

And in the same proportion for any quantity of Half tickets.

Certificate for Four Quarters - - - \$6 18
Do. for Six Quarters - - - 9 27
Do. for Eight Quarters - - - 12 35
Do. for Ten Quarters - - - 15 44

And in the same proportion for any quantity of Quarter tickets.

☞ For Example:—The cost of Two Whole Tickets, (one Odd and one Even) is twenty dollars—one of them **MUST** draw a prize at least of Nine Dollars, which (after deducting the 15 per cent to the State) is nett 7 dollars and 65 cents—therefore, instead of paying the whole sum of twenty dollars, the adventurer need pay only 12 dollars and 35 cents—inasmuch as the two tickets which we retain, (*sending him a certificate of the Nos.*) must produce the remainder, say the 7 dollars and 65 cents, which would be due to us.—☞ If the two tickets therefore, produce more than the 7 dollars and 65 cents, the **SURPLUS** would be the gain to the adventurer, to whom the amount would be remitted, or paid on presentation of the certificate.

☞ **ORDERS** for either Whole Tickets or Shares, or for Certificates of Whole Tickets or Shares, enclosing the Cash or Prizes in any of the Lotteries, (post paid) will meet our accustomed prompt attention.

MODE OF DRAWING.

The numbers will be put into one wheel as usual; and in the other will be put, the prizes above the denomination of Nine Dollars, and the drawing to progress in the usual manner. The 27,000 prizes of Nine Dollars will be awarded to the Odd or Even Numbers of the Lottery, (as the case may be) dependent on the drawing of the Capital prize of Fifty Thousand Dollars—that is to say, if the 50,000 dollar prize should come out to an Odd Number, then every Odd Number in the Scheme will be entitled to a 9 dollar prize. If the 50,000 dollar prize should come out to an Even Number, then all the Even Numbers in the Scheme will be each entitled to a prize of 9 dollars.

Odd Numbers end with 1, 3, 5, 7 or 9—Even Numbers with 2, 4, 6, 8 or 0.

This mode of drawing not only enables the Commissioners to complete the whole Lottery IN ONE DRAWING, but has the great advantage of distributing the small prizes regularly to every alternate number in the Scheme; so that the holder of Two Tickets or Two Shares of Tickets, (one Odd and one Even Number,) will be certain of obtaining at least one Prize, and in the same ratio for any greater quantity. A Ticket drawing a superior prize in this Scheme is not restricted from drawing an inferior one also; many Tickets, therefore, will necessarily obtain TWO PRIZES EACH!
